

The craft design TV with Loewe dual channel dr+

High performance OLED module designed, engineered and tailored by Loewe in Kronach

Dual channel dr+ system with double triple tuner and SSD for multi view and multi recording

Full support of 4x HDMI 2.1 and Ultra HD @ 144 Hz VRR for high-speed gaming

Rich variety of smart streaming apps and VOD services with Tizen OS

Powerful integrated sound bar for superior audio performance

Optional ultra-slim wall mount or motorized floor stand

Sophisticated design with real materials and magic moments of light and motion

LOEWE. was found by the Loewe brothers as Radio Frequenz GmbH in Berlin in 1923. Today we still design, develop and produce consumer electronics – Made in Germany.

The craft design TV with Loewe dual channel dr+

Home-made OLED module

The latest generation and technology of OLED open cells with master black polarizer offer highest brightness and unparalleled motion picture performance in Ultra HD resolution.

The OLED module is designed, engineered and tailored by Loewe in Kronach with alu-compound back-forming, massive alu frame and real concrete or aluminum back-cover.

Pre-calibrated in our factory and supporting HDR 10+ Adaptive, these displays meet all relevant filmmaker picture and colour standards for a perfectly natural and impressive movie reproduction.

Loewe dual channel dr+

Equipped with a dual channel chassis, double tripletuners and a large SSD, the Loewe dr+ system offers multiple viewing and recording possibilities from EPG programmed recording to spontaneous timeshift functions.

Tuners for DVB-T2/C/S2 HD and a easy accessible CI slot support various reception and recording scenarios. The Solid State Drive is perfect for video applications and both energy efficient, extra fast and absolutely noise-less for maximum comfort.

Tizen OS

The premium Tizen OS version 8 is a most convenient and fast smart operating system. The app store offers an extra-large selection of smart apps and a rich variety of video-on-demand services, including e.g. Netflix, YouTube, Disney+ and more.

The system is also compatible with advanced networking features: The support of broad-used dlna, Miracast and others allow comfortable content sharing and control via the home network.

Flexible connectivity with HDMI 2.1 including Ultra HD @ 144 Hz VRR ensures full support of latest game consoles on all four HDMI inputs.

Integrated sound bar and magic.light

An impressive 80 watts front-firing soundbar behind a high-gloss black spray painted metal speaker grill in harmony together with the Loewe signature.ring and the Loewe magic.light - for a discretely welcome and farewell animation or an atmospheric illumination during movie watching.

Simply adjust it as desired in any colour of the rainbow, at different brightness and saturation levels, by the touch of a button on the Loewe stellar remote.

Design craftsmanship

Sophisticated craft design and clever construction details from the in-house Loewe design and innovation studio.

Created with selected real materials like a four-sided brushed full aluminum frame in a diamond-cut shape, real glas-fiber enforced concrete or aluminum on the back panel and a rotatable table stand made of massive aluminum with a fine hairline-brushed finish. The real concrete back-cover gives each TV its unique fingerprint.

Cooled lava is milled into the finest rock flour to colour the concrete black. It is then additionally protected by a separately applied coating of sealer. The fine brushed aluminium profile of the display frame is anodised in a special process to a glossy black finish.

Sophisticated setup solutions

The Loewe magic.motion feature rotates the TV set on the motorized optional Loewe floor stand motor stellar by a touch of a button on the remote control up to 45° left or right - absolutely silently and smooth.

Of course the floor stand is also made of massive aluminum with a fine hairline-brushed finish. The optional floor2ceiling stand creates a spectacular free-floating 360° presentation, the wall mount stellar allows an extra slim wall solution.

All connections are hidden, and all cables are well guided and hidden by the integrated cable management plus cable covers in the all black rear cabinet. The solid VESA bolts support any mounting solution.

The craft design TV with Loewe dual channel dr+

Achievements

"The TV model stellar shines with latest display technology, powerful hardware and new design language which lift an OLED TV in new dimension."

International Forum Design, Spring 2024, about Loewe stellar iF DESIGN AWARD 2024

"The Loewe stellar is an OLED television that, thanks to the modular construction of its display module, offers a multitude of possibilities for material combinations."

Red Dot, Spring 2024, about Loewe stellar reddot winner 2024

"The Loewe stellar has an extraordinary extraordinary look with a perfect 360-degree design, consistent and unmistakable for all display sizes."

audiovision magazine, edition 10/2024, about Loewe stellar BEST DESIGN

"Their sophisticated design with selected materials and magical moments of light and motion make them visual highlights in any interior."

Satvision magazine, edition 01/2025, about Loewe stellar SATVISION DESIGN AWARD

"Forged for eternity: With the stellar, Loewe skilfully implements current technology trends: classic TV virtues, an integrated SSD, a powerful panel and an extraordinary housing design make this television a real design and technology statement."

HDTV magazine, edition 1/2025, about Loewe stellar 65 dr+ Test result: OUTSTANDING Ratings: Highlight | Home Cinema Tip | Gaming Tip | Design Innovation

"If you don't want just any random TV set in your home and you have a preference for something special, for extravagant design and for modern technology, the stellar models have it all."

Euronics Trendblog, 10.02.2025, about Loewe stellar

The craft design TV with Loewe dual channel dr+

Achievements

"From the conception of the design, to the development of hardware and software, construction, prototyping and final assembly final assembly of the stellar TV models all development steps at Loewe in Kronach."

audiovision magazine, edition 10/2024, about Loewe stellar 65 dr+ ${\tt BEST\,OLED}$

"The integrated, front-firing soundbar with 10 drivers, 80 watts of total music power and Dolby Atmos sits behind a high-gloss lacquered metal grill and ensures best speech intelligibility, a wide stereo stereo stage and dynamic film sound."

audiovision magazine, edition 10/2024, about Loewe stellar 65 dr+ ${\tt BEST}$ SOUND

"Loewe stellar is not only luxury in terms of its design, but also does its utmost technically to earn a place in the hall of fame of TV legends."

connect magazine, edition 01/2025, about Loewe stellar 65 dr+ Test result: OUTSTANDING

"In addition to the exterior, the excellent picture quality, in which the high peak brightness and perfect black level ensure a dynamic contrast display, as well as the features (...) are impressive."

Satvision magazine, edition 02/2025, about Loewe stellar 55 dr+ Test result: VERY GOOD

"Made in Germany: The top model is perfectly finished. (...) Only the best is built into the Loewe stellar. (...) It delivers truly excellent pictures. (...) The high price is justified by top marks in all categories."

Guter Rat magazine, edition 02/2025, about Loewe stellar 55 dr+Test result: VERY GOOD

"With the stellar 77 dr+, Loewe has launched a television that is exceptional in many aspects and sets new audiovisual and quality standards."

audiovision magazine, 03/2025, about stellar 77 dr+ Test result: VERY GOOD
