

Welcome to the
world of Loewe.

LOEWE.

Versatile innovations.

Unique passion.

We love to enhance our customers everyday experiences with unique high-tech appliances and to give discerning connoisseurs pleasure with our products every day. This is why tireless commitment and perfect craftsmanship flow into the creation of our products.

LOEWE.

Philosophy

From the inventor of television to a global, traditional company.

For a century, Loewe has stood for inventive spirit and luxury home cinema experiences. From its founding in 1923 to the invention of the television in 1931, Loewe has developed into a traditional company with worldwide operations and is now active in more than 50 countries with its high-quality, elegant TV and audio products.

The traditional manufactory and the high-tech production lines in Kronach in Upper Franconia continue to be the heart of the Loewe brand. This is how sustainable high-tech products par excellence are created.

Vision & Values.

The epitome of luxury.

Loewe is dedicated to give every product a meaning. A story. A purpose. In dedicated precision work, we want to anchor Loewe as the epitome of luxurious technical products par excellence.

The perfect interplay of technical masterpieces and outstanding design icons is awarded on a regular basis by press and design awards.

Innovative inhouse design.

Design is firmly anchored in the Loewe DNA. Timeless, highly functional and aesthetically minimalist are the attributes of the Loewe design philosophy that underlie the work of our experienced industrial designers in our Loewe Design Studio.

Excellent design is what drives us. For us, design is more than just a part of our corporate strategy. Loewe design is our pride and joy. This is why we receive several prestigious design awards such as the Red Dot Design Award or the iF Design Award from renowned experts every year.

Thought out down to the smallest detail and made for absolute durability, new design icons are continuously created in Kronach. Classic design features such as the Loewe eye or the Loewe flag are merged into innovative, creative interpretations which provide magical moments in the everyday lives of our technology- and design-savvy customers.

Powerful. 3.1 System Engineered in Germany.

The all-rounder among the soundbars: The powerful 3.1 soundbar Loewe klang bar3 mr shines with an all-round package for almost every area of application. On its own, the device shines with 360 watts of total music power as well as an excellent 3D sound experience thanks to Dolby Atmos. Enjoy immersive, echo and delay-free 360-degree sound with first-class speech intelligibility and voluminous cinema sound, thanks to a forward-facing left, right and centre speaker supported by two integrated subwoofers.

German engineering enables the klang bar3 mr to connect additional front and rear speakers via wireless and latency-free

WDAL 2.0 technology (Loewe Wireless Digital Audiolink 2.0). Adding front speakers, the klang bar3 mr then switches the left and right speakers to centre speakers, enabling even better speech intelligibility. Thanks to the AVR connections there is no need for an additional, expensive adapter if older Loewe and thirdbrand active speakers or active amplifiers, which require a cable connection, shall be integrated into the sound system. Do you prefer audio enjoyment in all your rooms? That is no problem with the Loewe klang bar3 mr either. Our way to sustainability.

We are committed to producing beautifully designed, highly functional, modern and timeless objects. By selecting the finest, highest-quality materials, Loewe creates sustainable products with careful precision work that impress with energy efficiency, software updates and years of reparability, thus underscoring our sustainability concept.

LOEWE.
Home of Excellence.

The Loewe service promise.

For Loewe, service does not end with the purchase: customers can rely on comprehensive service solutions at all times. Our detailed online based FAQ will help you with short questions anytime. Since sustainability is a big part of Loewe's DNA, Loewe's own technical repair shop is able to repair products up to ten years of age - depending on the model and the fault of the unit. A deliberately generous stock of spare parts makes it possible. In addition regular software updates keep Loewe products state-of-the-art technology.

We will be happy
to help you.
